### Education

#### IIS C.A. Dalla Chiesa

I.T. & Telecommunications

2016 - 2020

### Skills

#### .NET

C#, ASP.NET, ASP.NET Core

#### Web Frontend

HTML, CSS, LESS, SASS, JS, TS,

Vue, React, Blazor

#### Databases

SQL Server, MySQL

#### CMS

Sitecore, Umbraco

#### Other

Python, PHP, Plesk, IONOS

#### Languages

Italian (native), English

### Work Experience

#### ● Web & .NET Fullstack Freelance Developer

Apr 2023 - May 2023 | Easy Rider Mallorca

First experience as freelance developer. I developed

Easy Rider Mallorca's website using Umbraco CMS which runs on ASP.NET Core MVC, TypeScript, and SASS. I hosted it through IONOS 1&1 on a VPS with Plesk.

#### ● Sitecore & Vue Developer

Feb 2022 - ongoing | Cegeka, Cologno Monzese

Working as an outside consultant from

di-erre software. I update and create new features on Sitecore projects, especially on the frontend side, most times using the Vue JavaScript framework.

#### ● Web & .NET Fullstack Developer

Jan 2022 - ongoing | di-erre software, Milano

Working as an outside consultant in Cegeka.

Before that, I contributed to the launch of the new company website (both frontend side with HTML and JS, and backend side with C# and T-SQL), and developed a new feature on nuiSense, a di-erre software app present on the Microsoft Store.

#### ● Web & .NET Fullstack Developer

Sep 2020 - Dec 2021 | Edilservice, Mercallo

I worked almost independently on the creation of a management web app for the company's new e-commerce site, using ASP.NET Core Razor Pages. I also worked with Wordpress, PHP and Python.
